**LIGHTING CAMERAMAN – CAMERA SUPERVISOR - STEADICAM – PSC – MULTICAMERA**

I am a versatile and experienced lighting cameraman who has an excellent reputation within the broadcast industry, with 10 years experience. My key strengths are attention to detail and a friendly attitude which has led me to work on a variety of programmes and formats.

Experienced in lighting or operating for PSC, ENG, DRAMA, LIVE and STUDIO work and operating a wide array of specialist equipment including STEADICAM, JIB ARMS, PEDS, and MINICAMS to name a few. I am well qualified at location shooting, with much of my work having taken me overseas for many weeks at a time. I enjoy and have lots of experience in heading up multcamera studio and psc shoots as camera supervisor.

I am very equipment orientated and having the best shooting kit available to work with is my priority; I have a full Sony HDCam, DigiBeta 790, DSR 450 kit, Canon 5d Mk ii lenses, Steadicam, mini jib, full lighting and bespoke crew van, my full kit list can be seen below. I am also happy to work with facilities equipment should it really be necessary. In 2010 I was asked to become a member of the Sony ICE team (Independent Certified Expert).
